EXPERIENCE

Web Development Intern(UI/Visual Focus)| Suvidha Foundation| (Remote) Nagpur 10/2024 - Present

- Designed and built visually engaging, responsive UI components for a Text Summarizer web app using React.js and JavaScript — focusing on clean layout, color palette, and user-friendly interactions.
- Applied graphic design principles — color contrast, layout hierarchy, and typography — to enhance the digital user experience.
- Built responsive UI components ensuring seamless visual presentation across devices and screen sizes.
- Conducted visual QA — testing responsiveness, spacing consistency, and visual fidelity across devices.

Mobile App Development Trainee (UI/UX Design) | Softpro India Pvt.Ltd.| Lucknow 07/2024 - 09/2024

- Designed and implemented animated, user-friendly UI/UX layouts for Android applications using Flutter, ensuring smooth navigation and visually polished interfaces.
- Built responsive UI components with attention to visual hierarchy, spacing, iconography, and brand consistency.
- Applied design principles including grid systems, color contrast, and motion to enhance user experience.

PROJECTS

Realtime Device Tracker | Web Designer

2025

- Built an interactive map-based visual interface for live device tracking with a clear, minimal design suitable for logistics dashboards.
- Integrated live location updates for use cases such as logistics, delivery services, and fleet management systems.

AeroAgent – Flight Booking Platform | Web page Designer | Web Logo

2025

- Designed the full visual identity of the platform dashboard layout, data tables, role-based UI panels with a focus on clarity and professional aesthetics.
- Implemented secure admin functionalities to manage bulk ticket purchases, publish flight listings, and monitor agent transactions through a robust dashboard.
- Created intuitive admin interface layouts with clean information hierarchy and responsive Tailwind CSS styling.

Online Job Portal | Web Icon | Logo | Pages

2024–25

- Designed the end-to-end visual experience landing page, job listing cards, search UI, and application forms balancing aesthetics with usability.
- Applied a consistent brand color scheme and typographic hierarchy throughout the product.

Weather App | Web Icon Designer

2024–25

- Designed a visually clean, icon-rich weather interface with real-time data display, custom layout, and location-based search prioritizing visual clarity and information hierarchy.
- Displayed temperature, humidity, wind speed, and forecast data with a clean, location-based search interface.

ACHIEVEMENTS

- Entrepreneurship Awareness Drive – Local Startups Meet 2023
- Achieved the 50-Day Badge on LeetCode (2025) with 213+ problems solved

CERTIFICATION

- Oracle – Oracle Cloud Database Services
- Saviynt – Identity Security for AI Age
- Apna College – Full Stack Web Development
- Simplilearn|SkillUP – Introduction to Android Studio
